**Subject:** Please stop Dakota Access Pipeline Now

Greetings,

Please stop the Dakota Access Pipeline and protect the water for 17,000,000 Americans. The water Protectors in North Dakota are true American heroes. They and all of us need your help to stop the greed of the oil company and protect the water for this and future generations.

The peaceful, prayerful water protectors are being hurt and mistreated are having civil rights violated. Your action and support is needed now!

I pray for your courage to stand with Standing Rock!

Thank you.  
Rev. C. J. Wright, CTR, CTSS
